■ Yes ■ Frequently ■ Sometimes ■ No

If this program were to be run next year, would you be willing to assist on a rotating schedule?

■ Yes ■ No ■ Maybe ■ Probably busy with Robotics

What comments or suggestions do you have for improvement of our HW club program?

1 teacher to 3 students max

I can generally only stay until about 4:10, Homework Club is great! I think it helps. If we have Advisory next year, students can have a designated teacher to check in with and provide additional encouragement. I know it is a lot for counselors to take on! Good job!

Start with a small snack and juice box (maybe seek donations from PTO. Maybe give the student a simple teacher's checklist of classes: Has HW? Y/n with a section where upcoming big assignments or special instructions can be written, when they check in, they have to show it to you. If none, have some practice Math or Reading worksheets.
